Dear Mr. Pradella,

I would like to thank you for your participation in the Regulatory Review, and for your recent submission with your responses to the questionnaire from our workshop.

The Calgary Chamber of Commerce plays such a vital role in Calgary, and I would like to take the time to acknowledge the great work of your Chamber for the betterment of your city.

As a former small business owner and member of a Chamber, I understand firsthand the importance of the work you do, and the economic benefits you provide for the members of the Chamber and for Calgary as a whole.

Prior to my involvement with politics, I worked for Amoco, and with my experience in the oil industry, I understand the diversity and complexity of the oil industry, and its far reaching implications to other businesses and organizations.

Along with the rest of my team on the task force, Mr. Cal Dallas, Parliamentary Assistant to the Minister of Environment, and Mr. Evan Berger, Parliamentary Assistant to the Minister of Sustainable Resource Development, we look forward to further consultation on this project. Responses to the questionnaires from organizations such as the Calgary Chamber of Commerce provide invaluable
