## What is Ignite?

Ignite is designed for businesses who want to grow but aren't quite sure of the next steps. It is designed for business leaders who want to scale up their existing operations or kick start a new revenue stream. Participating companies work with an experience facilitator to learn a set of tools and strategies to test and validate new ideas and develop an agile business model focused on growth for their business. Ignite is a simple, low-cost way to de-risk a new venture and test its viability.

## Reasons to Join

- You want your company to grow
- You need to test a new idea
- You want your business to make more money
- You want to expand into new markets
- You want to diversify your customer base

## What You Get

Ignite includes 6 3-hour workshops over a 8 week period. Each company will be allowed up to 4 team members in each session.

## Cost

\$5,000 per company

## Session Dates

Ignite cohorts run continuously throughout the year. Please connect with your relationship manager to find out the next available dates.
